2021 Product Catalog

It has been a strange and difficult time of huge changes since the start of the pandemic.

We want to express our greatest respect to the frontline workers and key workers and we share our deepest condolences with lives and businesses lost. Meanwhile, we are extremely grateful for the continued support from our customers.

We wish the rest of 2021 and beyond will be better and brighter; like all our New Products, that we hope they will bring joy and 'light' into people's hearts.

## our story

We're Paul and Natalie Sun, and our passion for art and design led us to set up Gingko Design in 2011, the same year we were married.

We saw that simple, design-led and functional products were lacking in the market and knew that we could fill that gap with our innovative and stylish designs, which have now won a number of international awards and enabled us to become a leader in the home and gift sector in the UK and the Europe.

Our superbly crafted products are designed to be simple and unobtrusive, providing something unique but also functional and long lasting for our customers.

Using the latest technology and a fresh, modern approach, we bring elegance and practicality together in a seamless and sustainable way, enabling us to create lighting, accessories and timepieces that will bring something truly special to your home.

So why Gingko? We get asked this a lot! The gingko biloba tree is one of the oldest in the world, beautiful when the leaves turn golden in autumn, and used for making herbal recipes and teas for hundreds of years. When we set up our company, we wanted to design and craft products that echoed these qualities; longevity, beauty and a practical use.

We're now based in Kenilworth Warwickshire, the Shakespeare's county, and we live in Wellesbourne, Warwick with our two beautiful children. We feel proud of what we have achieved and we know that you will feel the same pride in selling and owning our beautiful products.

## smart moon lamp

2021 NEW

With this extraordinary levitating Smart Moon Lamp from Gingko, you could light up your whole world.

This gravity-defying moon lamp seems to magically 'float' above a walnut or white ash wood base and slowly rotates just like the real elliptical orbiting moon. Made with safe PLA material, this 3D printed full moon even has a textured surface just like the moon's own craters and glows an ethereal-like light as it emits its cool white light. Suspended by a strong built-in magnet it creates a fascinating and life-like illusion of the real thing.

Plus, the Smart Moon Lamp also has three different light modes for you to choose, so you can switch to your preferred light colour from warm yellow light, cool white light and warm white light by a simple touch on the wood base.

This amazing levitating Smart Moon Lamp from Gingko certainly reflects our design ethos of making every day objects premium and smarter in living.

With the Gingko Smart Moon Lamp,  
you could also light up the whole world ...

# smart baton light

2021 NEW

The Smart Baton Light is purely a sleek and modern, compactly designed object.

It can be positioned absolutely anywhere you desire. The real natural and sustainable adhesive wood base can be fixed to most surfaces, and with a cleverly hidden magnet inside, the light baton can be easily positioned, taken down and even used as a handy portable torch. You can recharge it as needed and simply place it back onto its magnetised base. Light up a dull hallway, stairwell, a cupboard or even use it as a bedside light, without the need for complicated wiring.

The Baton Light also has an in-built motion sensor to help conserve even more energy. So when it's dark, it automatically lights up the moment it detects any motion. Or if you prefer, you can keep it lit and switch it off when you're ready..

Without compromising on design, the Smart Baton Light from Gingko has a real wood case set off beautifully by the high quality frosted acrylic glass which keeps it light, pleasant and easy to grip for handy use. It certainly reflects our design ethos of making every day objects smarter.

Smart Baton Light is an absolute stunning design that can fit in any space for any lighting purpose.

## smart vase light

2021 NEW

Often the simplest of design creations can make the biggest impact and the brand new Smart Vase Light from us is a great example.

The Smart Vase Light is a stunning and beautiful paper oval-shaped table light and it can certainly create the perfect centrepiece for your home or office space. Cleverly hidden inside is a heat and water-safe tube for filling with your favourite flowers. Made with special heat-safe and waterproof Tyvek paper that emits a warm ambient light from within, the fan-like design can also be folded for easy storage. To open again, simply pull the lamp back around until the magnets touch.

Our Smart Vase Light is a perfect space-saving home or office accessory with a big design impact, reflecting our philosophy of creating a stylish and premium design for every day objects in our life.

## smart diffuser lamp

2021 NEW

The Smart Diffuser Lamp isn't just any ordinary diffuser lamp.

With a copper plate seamlessly integrated on top of the lamp, it gently heats up to silently and slowly diffuse your chosen essential oil, filling the room with your favourite scent alongside an ambient warm light to create a cosy and relaxing atmosphere. The handy copper touch sensor built into the wood lets you easily control the lamp's 3 levels of brightness, with the option to switch on the oil diffuser at the same time.

It's made of 100% natural sustainable wood coupled with a high quality frosted acrylic glass that's comfortable to touch. An in-built rechargeable battery makes it the perfect portable accessory for any room setting.

The Smart Diffuser Lamp from Gingko Design can certainly help you to relax while it radiates its beautiful light as well as your chosen scent. It also reflects our design ethos of making every day object smarter.

The Smart Diffuser Lamp helps you to relax while it radiates its beautiful light as well as its pleasant aroma.

# octagon one plus

Alarm Clock Desk Light

2021 NEW

The New Octagon One Plus Desk Lamp inherited the same elegant design as our global multi-award winning Octagon One Desk Lamp, but now incorporates our popular Click Clock in the hexagon base and is made of 100% sustainable natural wood.

This smart design isn't just simply combining the best of simplicity and natural material to achieve its modern industrial aesthetic, but has also solved our everyday space-saving dilemmas by combining an alarm clock and light into one sculptural piece, leaving space for the more important things in our lives..

With a digital modern clock face built in the hexagon base, you no longer need a separate alarm clock by your bedside table. The clock display silently "fades away" from the wood surface while it's quiet and only reappears again if you give a gentle touch or a tap of the beside table. Plus, you can choose to either use the light to wake you up, so the light will gradually 'light up' your day or you can use the more conventional beep alarm if you wish.

It's not just a lamp simply with a clock added on the base,  
It's also a sculptural unit created with our product philosophy of elegance, uniqueness and sustainability.

## smart accordion lamp

Inspired by the shape of an accordion, the brand new Gingko Smart Accordion Lamp is a must have home accessory for any room.

To open it, simply pull it as you would play an accordion, and it will instantly transform into a sculptural light emitting a wonderful ambient warm LED light through the accordion shaped pages. Close it and open it again, and it magically changes to cool white LED light instead of warm light as before; when it's fully closed, it becomes a laser-cut wooden hexagon display object.

This aesthetically pleasing design has a magnetic cover on both sides, so you can open it to a full 360 degrees. You can also connect it to as many units as you wish to create your own piece of sculptural art.

The smart design reflects our design ethos of creating stylish yet functional, modern but great sustainable design.

With the Smart Accordion Lamp, you can always create your own forms of light art, to be inventive and inspiring.

## smart book light

a design object with the wow factor

The Ginkgo Smart Booklight collection is certainly a great additional piece of art to any home; when closed, this smart Book Light masquerades as a laser-cut wooden/leather/linen fabric 'book' (depending on the collection material), but when opened it transforms into a sculptural light emitting a wonderful ambient warm white light through the pages.

The beautiful, exquisite design opens to a full 360 degrees with cleverly concealed magnets and the lovely soft touch tyvek pages are tearproof and water-resistant and are lit by long-lasting LED lights. Inside the laser-cut wood or leather cover lies an interior lamp body made from durable, water-resistant Tyvek "pages" containing high-performing LEDs.

## r space Lamp

Nothing is more inspiring than a blank sheet of paper.

A line appears, it takes shape, is then filled with life and turns into an artwork. A vision becomes tangible and becomes a contemporary and fascinating design. The brand new Gingko **R Space Lamp** comes into being.

The Gingko R Space Lamp is a perfect example of contemporary form. The R-shaped body simply looks like a 3D R when it's closed, but when it opens, it transforms itself into an elegant and stunning lamp emitting a delightful soft warm or cool white LED light (two light colour options) through this water-resistant and tear-proof lantern made of Tyvek papers.

The Gingko R Space Lamp, **a unique and functional design, but also a piece of R-t.**

## tumbler click clock

The contemporary Tumbler Click Alarm Clock is made from natural sustainable walnut, bamboo or cherry wood. With its beautifully carved round shape and no-tilt design, the Tumbler Click Clock is decorative, practical, and fun to interact with.

Incorporating our classical and popular 'click-clock' sound activated LED display, the digital numbers appear to be floating on the wooden surface. You can set the display to stay on permanently or to light up as a response to a gentle touch, tap, click of your fingers or clap of your hands. What's more, when the alarm goes off, you simply give a gentle push to snooze; and to turn it off, just turn it over

It is a fabulously decorative object due to its architectural design but it's also extremely useful either on your office desk, next to the bed, or in any other room in the house..

The Tumbler Click Clock designed by Gingko reflects our design ethos of applying natural sustainable materials and good craftsmanship to items which showcase beauty and technology at their best, and, most importantly, we want our designs to outlive the fleeting trends

With the no-tilt design, the Tumbler Click Clock is decorative, practical, and fun to interact with.

to snooze, simply just give a gentle push ; to turn it off, just turn it upside down.

## flip click clock

The UK Gift of the Year Award-winning Flip Click Clock changes your normal way of using an alarm clock. When nicely engraved alarm icon shows on top, it means your alarm is turned on, otherwise, it's turned off.

Made of natural wood material, the Flip Click Clock is super-easy to use. To set the time and alarm, simply touch the fine laser engraved buttons. When the alarm goes off, gently touch any of these engraved buttons on the top to snooze and to turn off the alarm, you can easily flip it over and the numbers will magically correct themselves to a normal display as well, keeping the same time and moving as accurate as before.

Powered by in-built rechargeable battery and activated by any sound or vibration, so the LED display disappear when it's quiet and light up when you give a tap, touch or click your fingers. You can also set it on permanent display if you wish.

## EDGE

### Light Alarm Clock

Inspired from the cutting edge of bamboo, the Gingko Edge Light Alarm Clock is very unique and a must-have edgy design. It's a smart and stylish space saving way to have a clock and a light at the same time either on your bedside or office table, or even simply fancy a nice travel light and clock.

When used as an alarm clock, this piece is very easy to use and set up thanks to its great ergonomic design. Powered by an in-built rechargeable battery (USB charging adapter lead included), the Edge Light Alarm Clock features two alarms with shake snooze and dimmable soft screen light, so you can see the time at night when needed whilst not disturbing your sleep. To turn off the alarm, simply flip it over and it will instantly turn itself into a soft and stylish dimmable ambient light.

The Edge Light Alarm Clock, designed and manufactured by Gingko, reflects our design ethos and commitment to modern, functional yet stylish design.

Timekeeping can be smart, clever, ultra-stylish, functional and simple with our cube click alarm clock.

The original Gingko Cube Click Clock can tell you the time, date and temperature alternately in LED numbers on a wood grained or other finished cube block at the click of your fingers and automatically switches off when the room is quiet, lighting up again when the alarms goes off or as a response to clicked fingers or clapped hands. The numbers seem to float on the lovely wooden block, but that's just half the magic of the cuboid with a conscience.

Small, but smart; simple, but clever.

clickclock™  
time at the click of your fingers

We're all slaves to time, but now it's on your terms with these stylish Brick Click Clocks. Just click your fingers or gently tap your bedside table and the time will appear and looks like the time is magically floating on these lovely bricks. No longer does your room have to be illuminated by a constant blinking digital glow, nor do you have to fumble to find your smartphone in the darkness.

The Brick Click Clock can display the time, date and temperature alternatively or you can also set it on permanent time display like the cube. Best of all, due to its portable feature with a integrated rechargeable lithium battery, it can be placed wherever you like with no need to worry about too many wires around your room any more.

# tech and gadgets collection

Here you will find our gadgets and smaller technology led products. We'll be adding more of our fun, functional and stylish gadgets to this section soon.

Now, we're very pleased to introduce our Flameless Element Lighter, a cool and luxuriously made lighter without a flame.

# element flameless lighter

2021 NEW

Not only smart in looks but smart in technology, the Flameless Element Lighter from Gingko Design is not your average lighter.

Disguised in a cigar-shaped tube with a real copper top, a quick blow gently reveals a completely flameless heated metal ring that burns to a high temperature. After a few seconds it automatically turns itself off and you can simply screw the lid back on and enjoy its exceptional quality and compactness. Encased in a real natural walnut or white ash wood exterior and complemented by its gold metal top, this is a lighter with a smooth and luxurious feel.

In a class of its own, it certainly gives you a whole new lighter experience and makes a perfect, stylish gift.

It could be one of the most luxuriously finished flameless lighter  
you have ever seen
