Packing List

the Smart Accordion Lamp

Type C USB Charging Cable

Instruction Manual

The Magnet Strap

Product Charging Operation

The product is generally arrived with 70% charge, but for the first time use, please still charge it up by following the below instructions:

1. Take the type C charging cable out from the box
2. Connect the USB charging cable to any USB plug adapter **in 5V output** such as our smartphone charger or a USB port on the computer etc.
3. Connect it to the charging port on the product gently.

ATTENTION

Please connect the charging cable to the charging port on the product carefully to avoid damage of the charging port.

When charging, the indicating light next to the charging port will be in red;
After fully charged, the indication light turn into green.

How to use this Product?

Inspired by the shape of an accordion, there are many forms you can use this product.

1. Hold both sides of the wood covers and gently pull it to open the product, then the light will instantly light up with warm light or cool white light. Close it and open it again, it will change the light colour between warm light or cool white light.

2. You can display the product as below diagrams

Open it up like an accordion

Open it up in 180 degrees

Both covers are magnet, so can be opened up to 360 degrees

Any other style?

YES

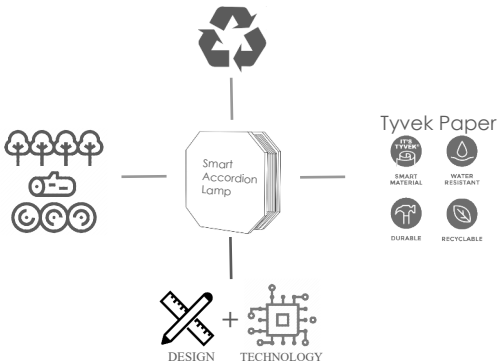

You can connect it to as many units as you wish to create your own sculptural light style ? Why not get another one to make it even more impressive?

What this Product is Made of?

We care the environment as much as you would do and providing something which is sustainably designed and made is also the main product philosophy to our business.

The Smart Accordion Lamp is made of natural and sustainably sourced or recycled walnut, bamboo or maple wood with water-resistance tyvek paper.
